

EAST TEXAS BY NATURE

A block of the month quilt

BLOCK 4 DEER WITH BUNNY

This block has a little more detail. You will have some smaller pieces to overlay onto the larger deer. Take your time and cut the pieces accurately and you will love the results. Find a nice textured brown for your deer. The grasses are your choice of greens or browns. The bunny could either white, grey, brown or spotted if you like. The nose and eyes can be fused or drawn with a pigma pen, your choice.

Remember, the dotted lines represent the placement of the solid line templates in relation to the other elements of the block.
