

September 2009 Show and Tell

June Varner made *HOME IS WHERE THE HEART IS* for a young student who lived with her for his last year in high school. This quilt was quilted by Stephanie Sumpter.

Brenda Motl made *PAPER DOLLS* after finding the pattern in the January/February issue of Fons & Porter's Love of Quilting magazine. Brenda says this quilt is perfect for a little girl. The doll clothes are contained in a pouch on the back side of the quilt. Quilt designer is Clarinda Nelson and Brenda quilted it herself!

Elizabeth McKnight made *COLOR BURST* from a free pattern she found on the web. This is a paper pieced quilt that Elizabeth quilted herself!

Alice Anjo made *MINI FRENCH BRAID* during an impromptu workshop with friends in late August on how to make French brain quilts. While others made a good start on much larger projects, Alice settled for a patriotic door quilt. This quilt was machine pieced, appliquéd and quilted by Alice herself. Alice says that this may be her only French braid quilt she will ever make. Alice quilted this quilt herself!

Alice Anjo made "*X* MARKS THE SPOT" at the Michelle Watts workshop in August. It will hang in her home in front of the hidden safe holding all her family jewels (fading photographs of her great-great-great-grandmother and her son's adoption papers).
Alice quilted this quilt herself!
